SUMMARY

I am a motivated and courageous software engineer relentlessly pursuing excellence. I am ready to embrace new challenges, push the boundaries of technology, and contribute my skills to create impactful and transformative software solutions.

EDUCATIONAL BACKGROUND

African Leadership University – Kigali, Rwanda   **May 2023 – Present**
BSc (Hons) in Software Engineering
Relevant Coursework: Data Structures and Algorithms, User Interface(UI) and user Experience(UX) designing, Database Management Systems, Web Development, Networking Fundamentals, AI tools usage, hardware and software Maintenance, Programming, Database Management Systems and Object-Oriented Programming.

INYANGE GIRLS' SCHOOL OF SCIENCE – Rulindo, Rwanda   **January 2019 – August 2022**
Advanced Diploma in Mathematics, Physics and Computer Science
Relevant Coursework: Probability and Statistics, Differential Equations, Integration and Derivatives, Nuclear Physics, Quantum Mechanics, algorithm and programming fundamentals, Entrepreneurship.

EXTRACURRICULAR ACTIVITIES

Community manager volunteer, RipplED Social Impact Program   **January - March 2024**

On this volunteering journey, I managed and supported The RipplED's community to thrive in the pursuit of Sustainable Development Goals (SDGs) by helping RipplED fellows, facilitating them in different discussions, and driving them to engage in creating spaces for their development.

Volunteer, Success Africa Foundation   **December 2023**
I participated in Success Africa Summit Rwanda Edition 2023 as a volunteer with different institutes in Rwanda during the summit period. Additionally, I am the head of other volunteers and was responsible for organizing this event at African Leadership University(Rwanda).
